

# J SERIES

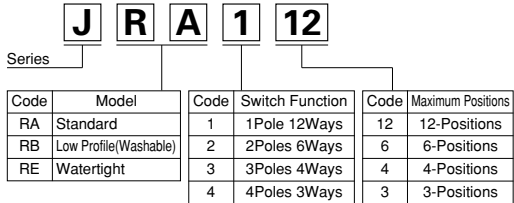

## P.C.B. MOUNTABLE ROTARY SWITCHES

### FEATURES

- Subminiature size-body diameter, only 12.5mm.
- Gold plate over nickel contacts with wiping action to ensure long, reliable life in dry circuit applications.
- Molded-in terminals give a perfect seal against the ingress of flux.
- JRA types offer user-adjustable end-stops
- JRB switches are completely sealed and thus are suitable for wave soldering and immersion washing.
- JRE types are splash proof switches ideal for use in severe environmental applications where through-panel seal is vital (water resistance-1 metre head for 30 minutes).

### HOW TO ORDER

■ NOTE: JRA and JRE Control Knob with straight knurl and top line indicator, optionally available.
